Mrs Heather Lindley B.A (Hons) NPQH  
Headteacher

June 2025

Dear Parents/Carers,

## Instrumental Tuition from September 2025

Is your child interested in learning a musical instrument? We have an excellent team of skilled instrumental teachers who provide lessons during school time for children in Key Stage 2. Severn Arts are able to offer lessons for the keyboard, violin and drums and Samantha Walker can offer lessons for the guitar, electric guitar and singing. If you wish to book any other instrument, please indicate this on the attached form. The request will be considered if enough pupils want to learn the instrument.

Pupils must have their own or a hired instrument. Keyboards and drum kits will be provided in school but pupils must bring their own drum sticks. Instruments can be hired from Severn Arts - for details please go to the 'Instrument Hire' page on the Severn Arts website. Pupils must be committed to practise at least three times a week to have lessons in school time. They are also responsible for going to their lesson on time and remembering their music and instrument on the day of their lesson.

Pupils will be grouped according to ability; this is a flexible approach and pupil groups may change throughout the year.

Prices of lessons are outlined on the attached sheet. The average price of an instrumental lesson outside school time is £20 for 30 minutes. Our school prices are much lower than this to ensure they are affordable for most parents. We are able to achieve this by not charging any fee for our administration costs. However, we do ask that invoices are paid by the requested date.

**The commitment to lessons is for a year and payment will be requested termly, in advance, before the lessons start**

### Help with costs:

Severn Arts encourage families who are unable to meet the full costs of their services to visit their website for information about help with costs.

Yours sincerely,

Mrs C Hyde  
Music Leader
